

## Sourcing and Ike Jime

Umu is dedicated to using the highest quality indigenous, line-caught fish from Cornwall and around the British Isles. Executive Chef Yoshinori Ishii has taught our fishermen on the Cornish coast to use the traditional Japanese method Ike Jime when handling the catch. More humane than what is practiced in Europe the fish is pierced in two places, just above the neck and the base of the tailfin, avoiding prolonged trauma. This 17th century historic technique from the Edo dynasty ensures unparalleled flavour and texture when preparing sashimi.

We cherish the strong relationships that we continue to nurture with our suppliers. We are particularly proud to work with the Nama Yasai organic farm, the first of its kind in England, providing us with the finest quality Japanese vegetables, fruits and herbs.
